1. the Litostroj Combine will include three new factories:

- (a) The Litostroj factory at St. Vid, near Ljubljana will be mainly engaged in the production of heavy machinery. This factory is already well under construction.
- (b) A factory producing typewriters is at present only in the advanced blue-print stage and no actual construction has begun as yet.
- (c) A bicycle factory is also in the advanced blue-print stage.

2. The exact locations of the typewriter and bicycle factories have not yet been decided, though it is believed they will be built northwest of and not far from the main Litostroj plant at St. Vid. Pilot models of typewriters and bicycles are at present being constructed at the Ljubijana (Smartincaska Cesta) branch of the Iskra factory at Kranj.
